LETTER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir/Madam:

Enclosed are seven copies of a Power of Attorney, a change of correspondence address form for applications listed in the Power and a Transmittal Form for each. These are being submitted for entry into the listed application patent files. A single copy of the Power was submitted in November 2003, but entry was not completed because there were multiple properties on a single Power.

Examiner Steven Nguyen is the examiner assigned to a few of the cases listed in the submitted Power. Examiner Nguyen has been helpful in pointing out that the powers were not entered, and thus correspondence has been being mailed to an incorrect address.

Examiner Nguyen consulted with his SPE, Kenneth Wieder, and informed the undersigned that the proper procedure is to submit a separate Power and change of address for each case. The undersigned attempted to contact Mr. Wieder on September 13, 2005, to confirm this procedure.

As multiple applications have been abandoned and multiple patents have expired unintentionally because of the non-entry of the Power submitted in 2003, the undersigned requests entry of the documents submitted herewith. Furthermore, the undersigned respectfully requests contact by office personnel if there is a problem with respect to form or procedure, so that this matter can be resolved quickly, and prosecution and payment of maintenance fees may resume promptly.

In addition, please associate the listed applications with customer number 21,924, the undersigned being one of the attorneys associated with that number.
